

# Gender Pay Gap Reporting

From April 2017, all large UK companies employing 250 people or more are required to report the following pay gap figures:

- Gender pay gap (mean and median figures)
- Gender bonus gap (mean and median figures)
- Proportion of men and women in each quartile of the organisations pay structure
- Proportion of men and women receiving bonuses

As a growing employer within the UK, Cerealto welcome this step; we believe that it is important for all companies to be transparent about pay and that by doing this progress will be made to bridge the gap that exists in the UK today.
